

RedCAT SYSTEMS

Performance Management Solutions

Encourage conversation and development as part of your company rituals with RedCAT Systems. With our technology, foster transparency through data-driven insights and drive moments that matter.

Develop Talent

- Invite collaboration through our Anytime Feedback feature.
- Track performance progress from one cycle to the next.
- Automate notifications and keep everyone informed through email or a third-party integration.

Ensure Equity

- Use the calibration and promotion management features.
- Create panels and provide nominations in one interface.
- Welcome honest conversations through real-time feedback and questions.
